

Please keep your Recovery Code safe.

DPMR-E508-F233-6610-4B3A-A2A5-F419

Your Account: ussefsabi@gmail.com

It is recommended to print this PDF and keep it safe. Or you can encrypt this file and store it in the cloud or on an encrypted USB.

Important: Recovery Code is the only way to help you access to DualSafe Password Manager again if you forget your master password.

If you think this code has been leaked, you can get a new Recovery Code:

- Sign in to DualSafe Password Manager
- Find Reset Recovery Code under your account
- Enter your master password of DualSafe Password Manager

Then you will get a new Recovery Code and this code will become invalid.
